## 2022 STAR EUROPEAN CHAMPIONSHIP

NUMBER 1 | FEBRUARY 2022 | 15-02-2022

Dear Star Sailors

The International Star Class Yacht Racing Association (ISCYRA), the Royal Danish Yacht Club (RDYC) and the Danish Star Fleet like to welcome you to the

### **2022 Star European Championship** July 5<sup>th</sup> – 10<sup>th</sup>, 2022

Being held in Skovshoved – Copenhagen - Denmark.

This is our first newsletter, and we endeavor to bring you news, fun facts and practical information about the event regularly as well as keeping the event website updated.

[2022 Star European Championship \(starchampionships.org\)](http://starchampionships.org)

We hope to see many Star boats at this event – hopefully without Corona restrictions.

The venue and area of sailing is well known to many Star sailors, and we are already in full preparation setting up an event that will focus on the best racing conditions possible, having fun between races and show the world that the Star class is still one of the most competitive classes we have in sailing.

Last year RDYC introduced sustainability at major championships, and this year the Star European Championship will be one of our sustainable regattas.

#### **Entry is open**

Please find the entry form on the event site.

Entry fee is USD 500

#### **Corona Update**

See page 2 for more information about the current Corona situation in Denmark and useful links for travelers from abroad

## 2022 STAR EUROPEAN CHAMPIONSHIP

### Sustainability

Royal Danish Yacht Club is proud to organize regattas according to the guidelines defined by the Sailors for the Sea and is committed to work for more sustainability in sailing. In 2021 RDYC received recognition for its efforts during the J70 Europeans being awarded with Platinum certificate. It is the club's objective to continue the efforts supporting sustainability in major events in 2022.

Here are some of the objectives we'd like to achieve:

- ❖ Eliminate Single-Use Water Bottles and Provide Water Refill Stations
- ❖ Eliminate Plastic Straws
- ❖ Serve Food with Plastic-Free Dinner-ware
- ❖ Special reusable wine glasses and cups for soda water and beer
- ❖ Use or Provide Reusable Bags
- ❖ Involve Local Organizations
- ❖ Post Educational and Reusable Signage
- ❖ Ensure Proper Waste Bin Placement and Signage
- ❖ Divert Food Waste from the Landfill
- ❖ Use Paperless Event Management

If you would like to know more about what we did at the J70 Europeans, you can find the report at **Sailors for the Sea**
