2022 STAR EUROPEAN CHAMPIONSHIP

Volunteers

The Event Manager Peter Falck (to the left) had the pleasure meeting many of the volunteers that have signed up for the 2022 Star European Championship at the annual Volunteer Lunch in January held at RDYC’s club house in Rungsted.

Every year the club gather all the volunteers from the year before for a nice lunch and afternoon thanking them for the great work, they do year after year making it possible for the club to organize several major sailing events every year.

This year the guest speaker was none less than the Danish Olympic Nacra 17 sailor CP Lübeck who together with Lin Ea Cenholt came fourth at the 2020 Tokyo Olympics.

For the Star Europeans we will have 50+ volunteers to help on the water and on land making sure that all the sailors will have the best possible conditions while racing and when enjoying a cold beer after the race.

Self-Sailing Marks

As part of the RDYC's efforts to become more sustainable when organizing regattas one initiative is using self-sailing marks. The club has purchased five MarkSetBot robotic sailing buoys.

The club will receive the marks mid-April and will start using them at various events including the Danish Open Match Race Cup Grade 2 event ensuring that we have a lot of practice prior to the Europeans.
