2022 STAR EUROPEAN CHAMPIONSHIP

JUNE 2022

[2022 Star European Championship \(starchampionships.org\)](http://starchampionships.org)

Entry is now closed

We haven't quite made the 60 teams as I had hoped for, but it is still going to be great seeing you all moored together in the northern end of Skovshoved Harbour and even better on a 'no sag' starting line. I do expect the very best from you.

Preparations

Our event team is hard at work.

The town hall has offered to host an opening ceremony for us, and the mayor our chairman will be there to welcome you all.

The tent and the bar is reserved and the sailors' dinner ordered from our favourite butcher.

Buoys, ribs, flags, horns, radios likewise and not the least the volunteers are in place and already working hard making plans for launching your boats and handling the weighing and measuring of boats and sails.

Measuring

Our chief measurer is Peter Moeckl and he is a kind man that knows the Class Rules well. Why am I saying this? Because you have to know them just as well in order to be sure that you, your boat, sails and crew flow smoothly through boat and sail check and don't take up unnecessary time in the process. Sail check and crew weigh-in will happen in the same

place. More details on check-in and measurement will follow. Until then spend the time well and make sure that all your stuff is up to snuff.

Manage2Sail and WhatsApp

Manage2Sail

Official communication will happen via [Manage2Sail](#) – event and result management system.

The screenshot shows the Manage2Sail website interface. At the top, there is a navigation bar with flags of various countries and links for 'I want to join!', 'I need help', and 'more info'. The main header includes the website name 'manage2sail.com' and the tagline 'The regatta manager for clubs and sailors'. Below this is a menu with 'Start', 'Events', 'Cups', 'Class associations', 'Clubs', and 'Register'. The 'Events' tab is selected, displaying the 'STAR European Championship 2022' event page. The event dates are '05/07/2022 - 10/07/2022'. A sub-menu includes 'Details', 'Classes', 'Entries', 'Results', and 'Notice Board'. The 'Details' section lists the following information:

To the right of the details is a map showing the location of Skovshoved Harbor in Charlottenlund, Denmark. The map includes a location pin for 'Skovshoved' and a 'View target map' button. The map also shows nearby landmarks like 'Hibech Medical v/Bo Holte' and 'Skovshoved Havn'.

If you check it out now you will find, that Manage2Sail is not entirely updated.

In the coming week we will receive the accumulated information from ISCIRA, and then we will get to work on that.
